- 22 circle cards
- 20 rectangle cards

PERFECT FOR CENTERS OR PARTNER WORK

COMPARING FRACTIONS TASK CARDS

12 TASK CARDS + RECORDING SHEET + ANSWER KEY

COMPARING FRACTIONS PRACTICE

GIVE KIDS THE PAPER-PENCIL PRACTICE THEY NEED

WHAT TEACHERS ARE SAYING

"My students loved making this. They were able to see how fractions are equivalent just by looking at the model they made. They loved it!"

"Phenomenal resource for my students! It was helpful to have my students create their own manipulatives to use to help them with fractions. As I progressed through this unit, I have gone back to this resource frequently."
