SHORT PASSAGES HELP YOU PRACTICE MORE TEKS!

WHY FIFTH GRADE TEACHERS LOVE THIS:

"This is incredible! I wish I had purchased it at the beginning of the year. The texts are well-written and interesting (my kids actually like reading them!) and the questions are STAAR-formatted and hit every TEK. Definitely one of the best purchases I've made on TPT and worth every penny."

"Love this seller and her products. It's hard to find TEKs aligned material, so I'm very grateful. This is exactly what I was looking for!"

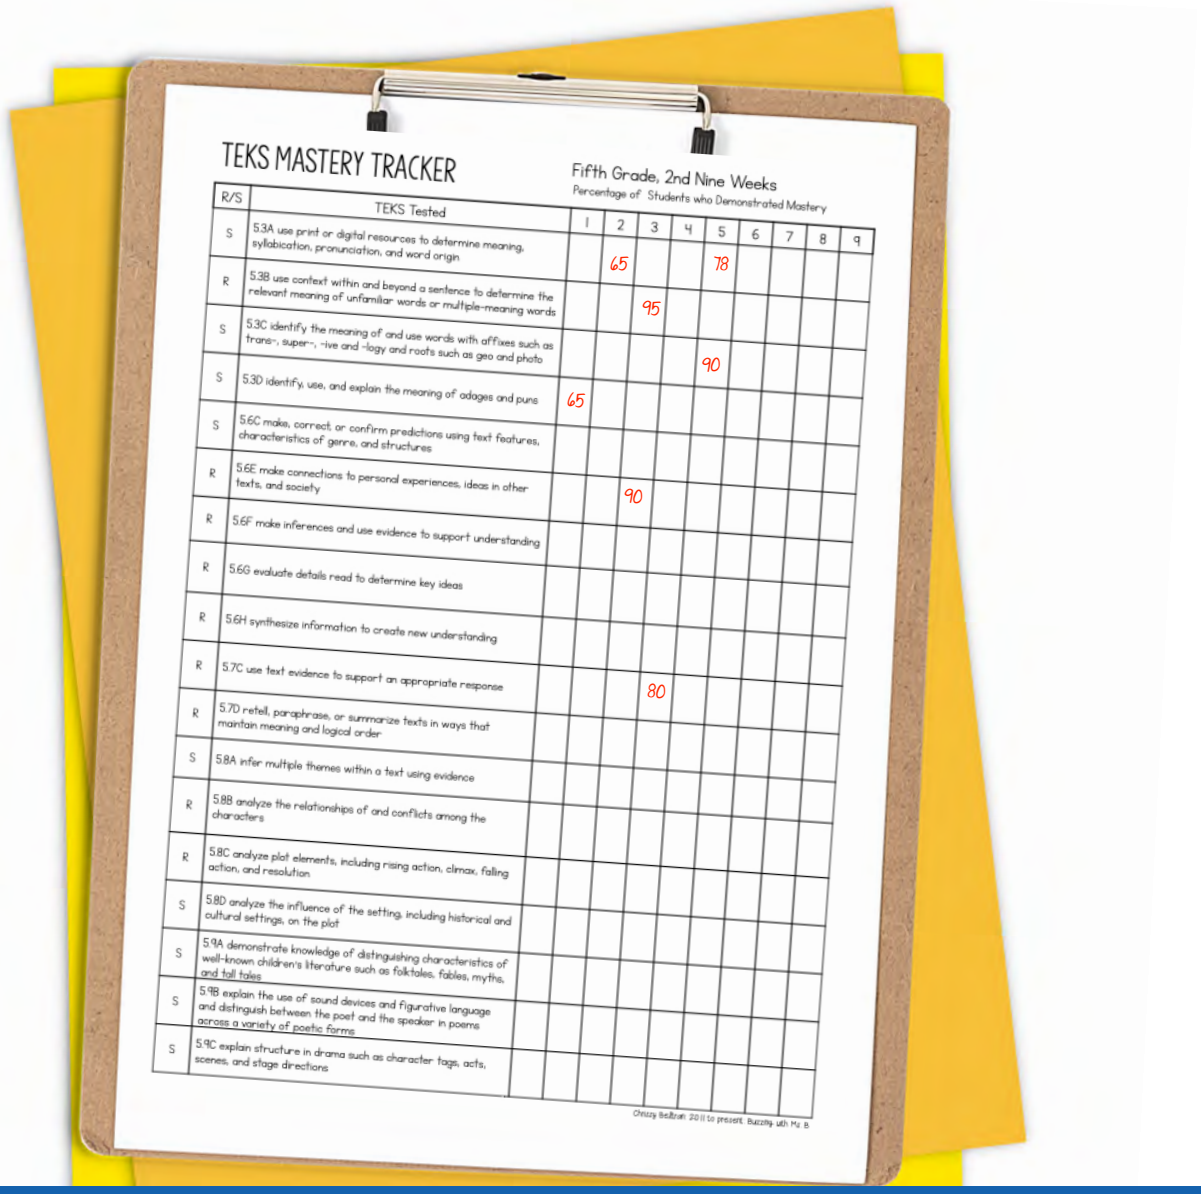

"I loved many things about this resource. First, I love how organized everything is. The flow as a teacher is amazing because you can look at vocabulary for those nine weeks, align it to your own district's scope and sequence and I love the length of the passages because it was friendly for my students. I understand stamina is a big deal for upper grades, yet you have to build up your kids and this resource had vocabulary and questioning for my kids that helped them grow."

"This was a perfect addition to the daily routine in my middle school resource room. The organization and flow is perfection!"
