|----------|-----------|---------------------|
|          |           |                     |

## MAKE A REALISTIC PLAN TO RESPOND TO DATA

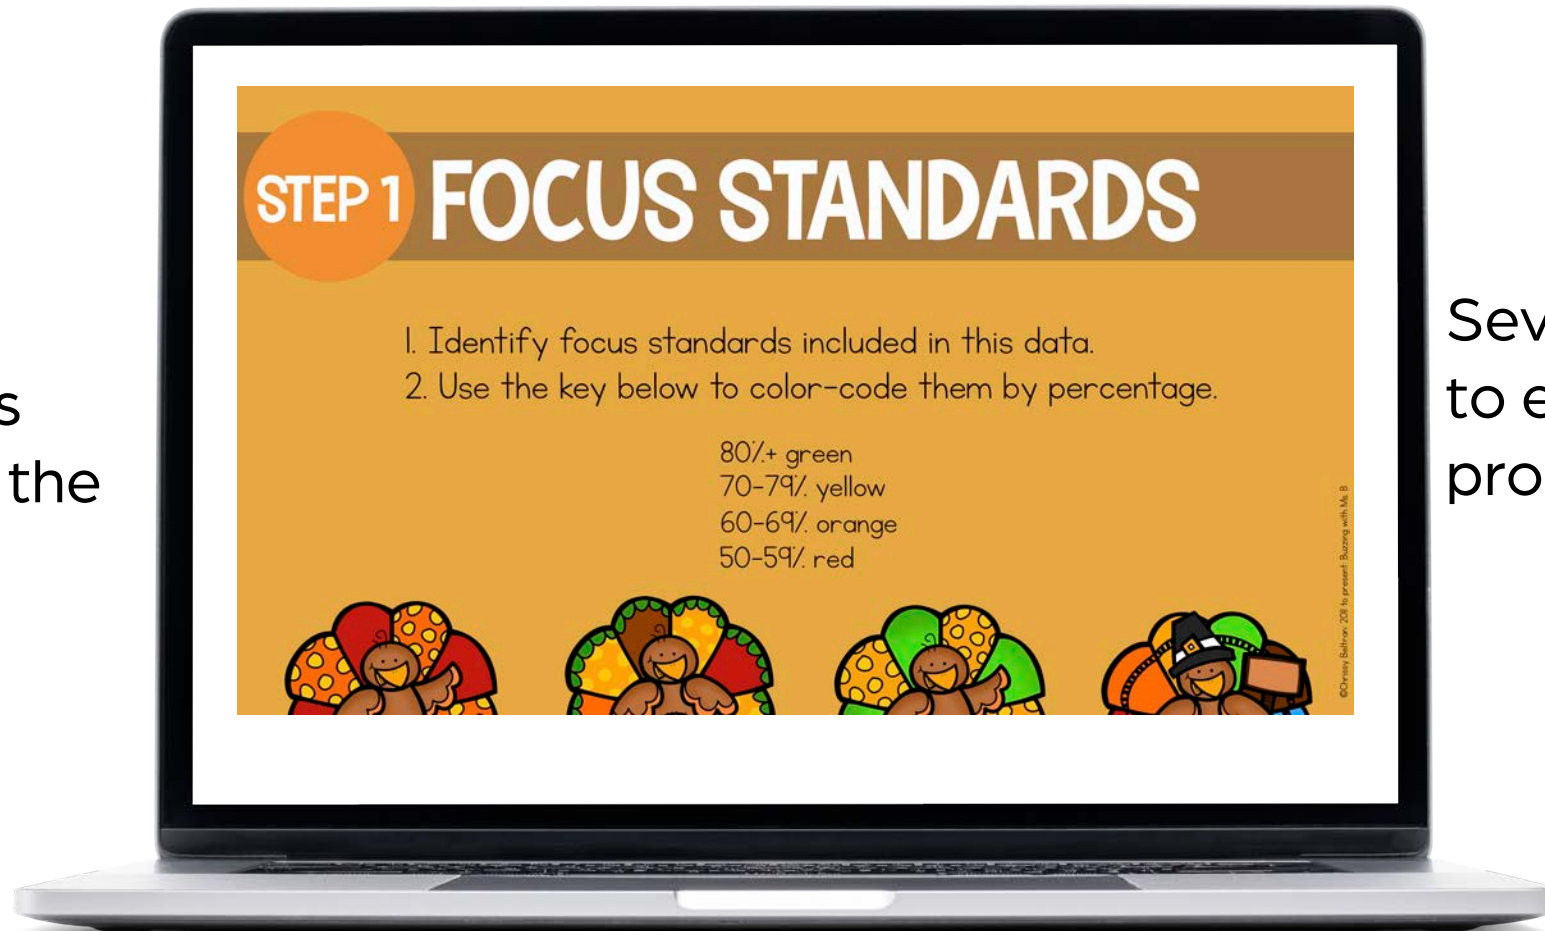

Whole group: What needs to be retaught whole group? How will you teach it?  
(If standard was under 70% mastery for the class, it should be retaught whole groups a different way.)

Small group: What needs to be retaught small group? How will you teach it?  
(If standard was over 70% mastery for the class, but groups of students struggled, it should be retaught in small groups for students who need it.)

# AND MAKE A REALISTIC PLAN!

# FACILITATE WITH A SLIDE SHOW

Walk  
teachers  
through the  
process

Seven slides  
to explain the  
process

## HAVE TEACHERS SHARE AS A TEAM
