HANDS-ON LEARNING IS WHAT THEY REMEMBER!

WHY TEACHERS LOVE THIS:

"This is such a fun activity! My students really get into this and love creating their own pizzas! Add in chef hats and pizza boxes, and they are HOOKED!"

"I used this resource to creat a fraction room transformation. My student were engaged the whole time."

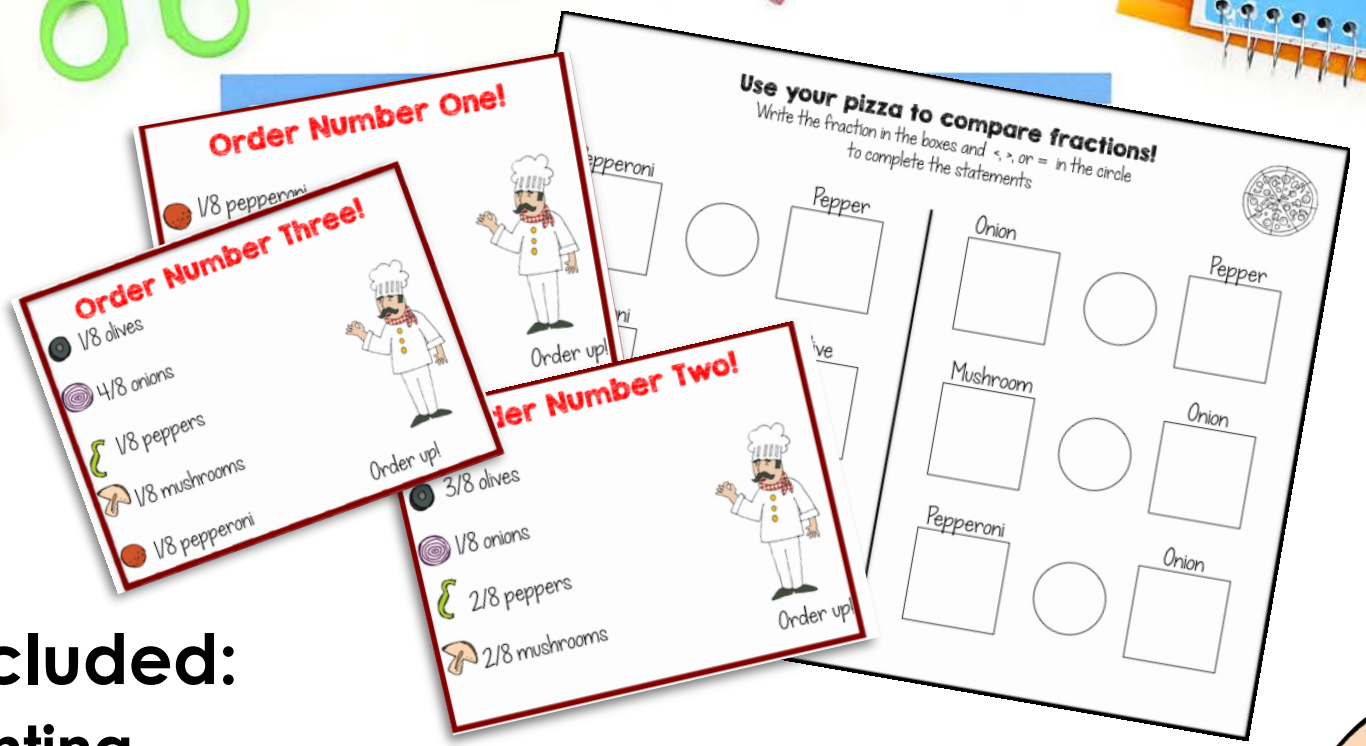

"Such a fun activity to reinforce fractions - I printed off the toppings on different colored paper and had students use their dice to roll how many slices of each topping for their personal pizza order!

"So much fun! I love all the different types of templates for the pizza and the toppings.'
